

**STATEMENT OF WORK**  
**Pasture and Hay Planting (512)**  
**North Carolina**

These deliverables apply to this individual practice. For other planned practice deliverables refer to those specific Statements of Work.

---

**DESIGN****Deliverables:**

1. Design documents that comply with the purpose of the practice selected by the decision-maker and the applicable criteria in the NRCS practice standard, and are compatible with other planned and applied practices
  - a. Practice purpose(s) as identified in the conservation plan.
  - b. List of required permits to be obtained by the client
  - c. Practice standard criteria related computations and analyses to develop plans and specifications including but not limited to:
    - i. Required seedbed condition and preparation methods
    - ii. Soil and seed amendments needed
    - iii. Variety or origin and amount of each species to be planted
    - iv. Planting dates and depths and description of planting equipment
    - v. Instructions as needed for placing different seed types (i.e. fluffy, large, small, slick and dense) in suitable drill boxes
2. Written plans and specifications including sketches and drawings shall be provided to the client that adequately describes the requirements to install the practice and obtain necessary permits.
3. Operation and maintenance plan
4. Certification that the design meets practice standard criteria and comply with applicable laws and regulations
5. Design modifications during installation as required

---

**INSTALLATION****Deliverables**

1. Pre-application conference with client and contractor
2. Verification that client has obtained required permits
3. Staking and layout according to plans and specifications including applicable layout notes
4. Identify fields where practice to be applied on a farm or ranch plan map.
5. Application inspection
  - a. Actual materials used
  - b. Actual methods of planting
  - c. Inspection records
6. Facilitate and implement required design modifications with client and original designer
7. Advise client/NRCS on compliance issues with all federal, state, tribal, and local laws, regulations and NRCS policies during installation
8. Certification that the application process and materials meets design and permit requirements

---

**CHECK OUT****Deliverables**

1. Records of application
  - a. Extent of practice units applied
  - b. Final quantities of materials used
2. Certification that the application meets NRCS standards and specifications and is in compliance with permits
3. Exit conference with client and contractor.
4. Progress reporting
